

“ΠΑΠΑΣΤΡΑΤΟΣ” | Company Profile:

We are the largest tobacco products company in Greece. An affiliate of Philip Morris International Inc (PMI). From 1931 until today, we are the leading Greek tobacco company. We have talented people, top international and local brands (such as Marlboro and the historic ASSOS), a unique corporate culture, state-of-the-art know-how, the international experience of PMI, and our long, proud history. Since 2003, we have invested more than EUR 700 million in infrastructure at our factory in Aspropyrgos, our people and brands, important social contributions, and the fight against the illicit trade in cigarettes. These investments have ensured our dynamic business growth, boosted our competitiveness, and provided our employees with opportunities for further career development. Throughout its 85-year history, Papastratos had been an active supporter of the Greek economy and society. In 2016, Fortune magazine named us the Most Admired Company in Greece. We have been recognized as a Great Place to Work by the Great Place to Work® Institute Hellas for three years (2012-2014) and as a Top Employer by the Top Employers Institute (in 2015 and 2016).
